

*D*ance Rhythms Voice

October 2008

All is in the air. We hope that everyone has settled into their "school" routine and is off to a great start. Many of our classes are learning routines to holiday music along with technique. We will have two shows this year to show-off our talented students. Your instructor will notify each class several weeks in advance about which show(s) you will be asked to perform in. It is always a good idea to send along a cassette tape, or CD, with your student so they may practice their routine at home. If you have any questions about the holiday performances, please let the front office know.

Important Costume Information

On your October invoice (billed on September 15) you will see one half on your Recital costume fees. The other half will be billed on the November (billed October 15) invoice.

We adopted this method of costume billing several years ago so that we could order costumes earlier. With this process we have been very successful in having our costumes arrive well before pictures. Please keep in mind that although we order very early, there are hundreds of other students using the same costume companies that we are, and we do not always get them in as early as we would like. With that said, we have always had our costumes by June but it is possible for there to be a last minute delivery.

You will receive a form on which to record your child's measurements during visitor's week. If you have any questions about this process, please see Miss Judi.

The Season For Giving

We all know that the holidays are the time for giving. We are looking for an organization to benefit from our annual benefit show in December. We have donated our earnings to a DRL family in need, a cancer foundation, the Red Cross, the Juvenile Diabetes Research Foundation and the USO, to name a few. If you are aware of an organization that needs our help, please let the front desk know.
